

Fiber Artist DIRECTORY

Brought to you by tinyStudio Creative Life Magazine

Spinning
ISN'T
JUST
making YARN
IT IS A PRACTICE IN
Mindfulness

Suzy Brown 2020

Welcome to the tinyStudio Creative Life Magazine Digital Catalogue of Fiber Artists!

We began this project in March 2020 as a response to the global Covid-19 Pandemic. Our goal is to help support fiber artists who rely on their fiber business for their livelihood, especially through this difficult time.

In this catalogue you will find advertisements that are 'clickable' and will take you directly to the artists website or webstore, we would like to encourage you to consider purchasing from them when you are next looking to enhance your stash or add to your fiber tools!

We will be reviewing this Directory regularly and bringing out new and updated issues with even more exciting artists. We are sharing this through our Facebook groups, Instagram account, Newsletter lists and of course, in coming issues of tinyStudio Creative Life magazine (www.fiberygoodness.com/subscribe).

If you would like YOUR advertisement listed in future issues of this directory, please send it as a PDF or JPG to info@fiberygoodness.com and we will make sure you are included!

Please feel free to share this catalogue and/or the download link for it in as many places as you can, and help us help support our fiber community!

Thank you!

Suzy Brown

CREATIVE SPACES

Creative Spaces was a dream for some years: A place where people can buy supplies and learn skills.

Always someone different coming through the doors to share my skills with or to be inspired by.

No two days the same.

I welcome you to share it with me

Cottages in Iceland:

... not in the middle of nowhere,
but we can see it from here.

Scenic location central to famous sights in the south of Iceland: geysir, black beach, waterfall and more. Visit my artist's workshop, buy your raw Icelandic fleece, shop at nearby woolly places along the "woolen circle" and enjoy the unspoilt Icelandic landscape from the doorstep of your cottage.

TSEBA^{*} YARN

Colours from Nature...

I gather. I experiment.

All my dyes begin with natural ingredients sourced from the plants that surround us. I have learned the art of unlocking magnificent colours that lie hidden inside them.

I have gradually expanded the range of colours that can be achieved and my palette now covers the full spectrum.

I use only wool farmed and spun here in New Zealand. Merino, Silk, Corriedale and Merino with Polwarth fleck.

Tseba Yarn is sold in skeins of 90 metres for delicious forays into colourwork.

Please note, the natural variation inherent in my process is both beautiful and harmonious but no two colours are exactly the same.

ORDERS AND ENQUIRIES:

[Facebook.com/tseba.yarn](https://www.facebook.com/tseba.yarn)

[email tseba.yarn@gmail.com](mailto:tseba.yarn@gmail.com)

*Tseba (pronounced zeba) is Hebrew for 'dye'
